ACTEON, North America releases the new i-Endo Dual endodontic rotary motor

ACTEON North America (Mt laurel, NJ) has introduced the new **i-Endo Dual endodontic motor**. The **i-Endo Dual** represents a breakthrough in rotary endodontic technology offering both reciprocating and rotary modes of operation with extreme precision. The freedom of choice with different modes allows the **i-Endo Dual** compatibility with any manufacturer rotary file systems for unmatched versatility. The **i-Endo Dual** has the ability to customize up to 10 present programs and has settings for five contra angle ratios for a wide array of options for any practice. Please contact your local dealer or **ACTEON North America** for more information
